# User's Guide to Style

A tie-dyed print livens up a crisp top. Five women show us how to wear a new Michael Michael Kors shirt. By Alexandra Owens

#### Jacket

"This coral Theory jacket breaks up all the blue in the skirt and shirt."

#### Jewelry

"These Lionette necklaces stand out. And I always pile on bracelets from Tiffany and Vita Fede for extra shine."

#### Skirt

"I picked a short, flirty flared skirt by Cameo to tuck the top into."

#### Shoes

"The metal ankle straps on these Isabel Marant heels are like wearing another piece of jewelry."

#### Bag

"My Michael Kors bag is my go-to during the day because it fits my laptop and interior-design tools."

The art of dressing well takes on new meaning this season, with graffiti-like prints at Céline, kaleidoscopic colors at Chanel, and abstract rose motifs at Prabal Gurung. We asked women in Los Angeles to tackle the artistic trend in a tie-dyed shirt by Michael Michael Kors. Silk button-down shirt, \$195, at select Michael Kors stores.

### Aimee Song

26, interior designer and blogger, Song of Style

Song's look has evolved since her college days, when she wore a white button-down shirt nine times out of ten. "Now I'm obsessed with color and overaccessorizing," she says. "I keep my shoes displayed on a bookcase. They're my prized possessions." Song didn't hold back here, selecting Isabel Marant heels with chain anklets, a bright coral leather jacket by Theory, and layered bracelets from Tiffany & Co. and Vita Fede.
